CUSTOMER NOTICE

EU Regulation 1875/2006 – Advance Manifest – End of Grace Period

Since 1st January 2011, the EU security regulation **1875/2006** has been in effect.

As agreed between the EU Commission and Member States, the grace period will end on 30th June 2011. We expect that the EU regulation will be strictly enforced starting from 1st July 2011.

Therefore, it is likely that Customs authorities will start issuing fines or vessels will encounter delays in EU ports if the security manifest data is not transmitted 24 hours prior to loading.

We would like to remind customers to provide complete and accurate shipping instructions before the documentation cut-off times. NYK will not accept incomplete or incorrect shipping instructions for customs submissions. Non-compliance with deadlines may see cargo not loaded on board the EU bound vessel. Please also note that we will have no choice but to hold the customer responsible for any fines incurred by amendments requested after the deadline.

For more information, please visit the EU website at http://ec.europa.eu/ecip/security_amendment/procedures/index_en.htm or refer to our own FAQ document http://www2.nykline.com/help/eu24_1875_2006.html

Yours sincerely
